

How to get your crew their own Custom Clubwear Sweaters :

1 Design your sweater

Choose your colors and pick customized features. Collect artwork for felt patches and forward to custom@gasolinecowboys.com where we will draw up your design and email an image of it to you. At this time we will estimate shipping costs based on the number of sweaters you assume will be ordered.

Not sure what you want? Let us help you create a custom design; we are really good at that!

2 Review design

Once completely satisfied with your design you can print it out and take it to your club.

3 Collect your orders

Measure twice, order once. We will provide you with an order form and size charts. Using a cloth measuring tape allow club members to select the size sweater they want – making sure they understand that the sweater will be custom made just for them, so it will not be possible to swap for a different size once it has been made. The sizing chart runs true to size.

4 Submit your order

After receiving your completed order form and payment Dehen will begin knitting, cutting, assembling and embellishing your custom sweaters. Please allow **8 weeks** for this.

We will then ship the entire order to you (one address) for distribution to your club.

Be warned, you may feel like Santa Claus handing out your new club sweater to your members.
